

Handle CAPBs® module BG 10

Benefits

- Universal for all CAPBs® sensor modules
- Direct transmission of measurement data to the AFRISO apps and BlueLine measuring instrument via Bluetooth®
- Specific measurement program if the apps EuroSoft live and AFRISO TOOLBOX are used
- Compliant documentation of the measurement results including diagrams in PDF format (app)
- Individual configuration via multi-purpose key
- Light-weight, ergonomic handle made of robust, high-quality plastic with three integrated magnet for hands-free operation
- Multi-purpose key with customisable function assignment for ease of use and consistent operation of the CAPBs®, regardless of site
- Multi-colour LED displays the status of the CAPBs® by means of different colours and flashing frequencies
- Signalling device with audible signals for signalling concentrations or limit values
- Compatible with our proven BlueLine measuring instruments BLUELYZER ST, EUROLYZER STx, MULTILYZER STx, series S4600 ST and TMD 9 as well as your smartphone and tablet

Application

For mounting of one CAPBs® sensor module. The measured values can be visualised on a smartphone or a tablet via an AFRISO app immediately on site.
